

CompilerServices

The diagram illustrates the structure of the CompilerServices package. It is represented by a light blue rounded rectangle with a dashed border. Inside this rectangle, the text 'CompilerServices' is centered at the top. Below it, a solid black rectangular frame contains four elements arranged horizontally: the text 'Syntax' on the left, followed by three light blue rectangular boxes with black borders. The first box contains 'Symbols', the second contains 'SyntaxNodes', and the third contains 'SyntaxTokens'.
