

ComponentBase

IDisposable

Luthetus.Common.RazorLib.
Options.Displays.InputAppResize
HandleWidth

```
graph BT; A[Luthetus.Common.RazorLib.Options.Displays.InputAppResizeHandleWidth] --> B[ComponentBase]; A --> C[IDisposable];
```

The diagram illustrates a class hierarchy. At the bottom is a gray box representing a class: `Luthetus.Common.RazorLib.Options.Displays.InputAppResizeHandleWidth`. Two blue arrows point from this class box to two white boxes above it. The left white box is labeled `ComponentBase`, and the right white box is labeled `IDisposable`. This indicates that the class at the bottom inherits from both `ComponentBase` and `IDisposable`.
